Dear Mr. McGraw and Ms. Shwayder:

The Rocky Flats Field Office is pleased to provide notification that all negotiated fiscal year 1998 Rocky Flats Cleanup Agreement regulatory milestone and target activities were successfully completed on schedule. These milestones and target activities reduced risk, and accelerated cleanup and Rocky Flats Environmental Technology Site closure. The continued collaborative spirit between the Colorado Department of Public Health and the Environment, Environmental Protection Agency, Department of Energy, and Kaiser-Hill facilitated efficient completion of this important work. We look forward to the challenges associated with this fiscal year 1999 regulatory milestones and target activities.

Sincerely,
